KEY:	
Learning Center	Equivalent to traditional classes with credentialed teachers and students in a classroom. Classes are on a block schedule.
	(similar to college courses). All core Learning Center classes are a-g approved.
Independent Study	Independent study courses are to be completed independently by the student. The teacher assigns the courses needed,
	assigns work, grades work, and gives students a grade in a timely manner.
	The student meets, at a minimum, every 20 days to turn in work and receive new work.
Online Learning	Online courses are for, but not limited to, students in need of credit recovery, foreign language courses, AP courses,
	and higher education courses we are not able to offer on our campus (i.e. calculus). All online courses are a-g approved.
Educational Enrichment	The Enrichment Program is in partnership with our local community college. Students are dual enrolled at the college
	for college units and high school credits.
